The SIBaTer Project

Project Management

ANCI – IFEL, on behalf of the Italian Government, within a Programme co-financed by SIE Funds

SIBaTer supports Municipalities on

- ✓ Implementing “**Banca delle terre**” [**Lands’ Bank**] of abandoned/uncultivated municipal lands (and related assets)
- ✓ Allocation of unused **public assets under management of young people** implementing regeneration projects

The Banca delle Terre

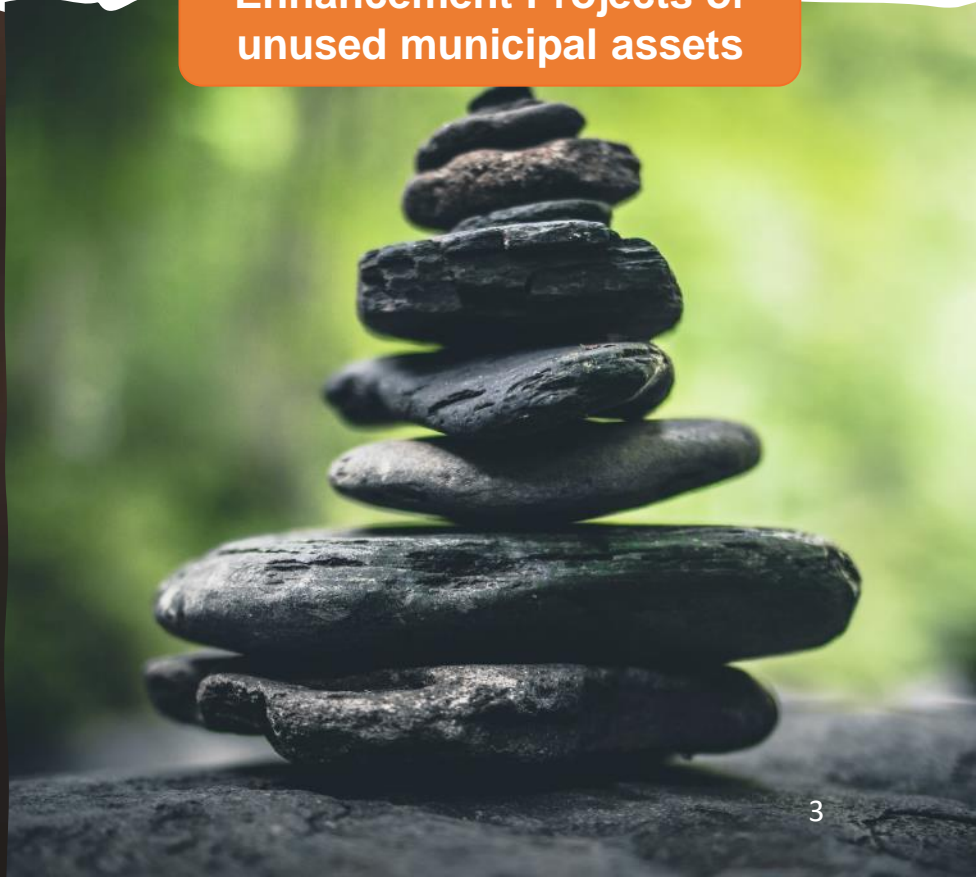

By the «Lands' Bank», Municipalities are able to create

- ✓ a **favorable environment for the generation of community/youth proposals** to regenerate abandoned lands
- ✓ **employment opportunities for local youth** and new services for the local community through

Youth Entrepreneurship

Enhancement Projects of unused municipal assets

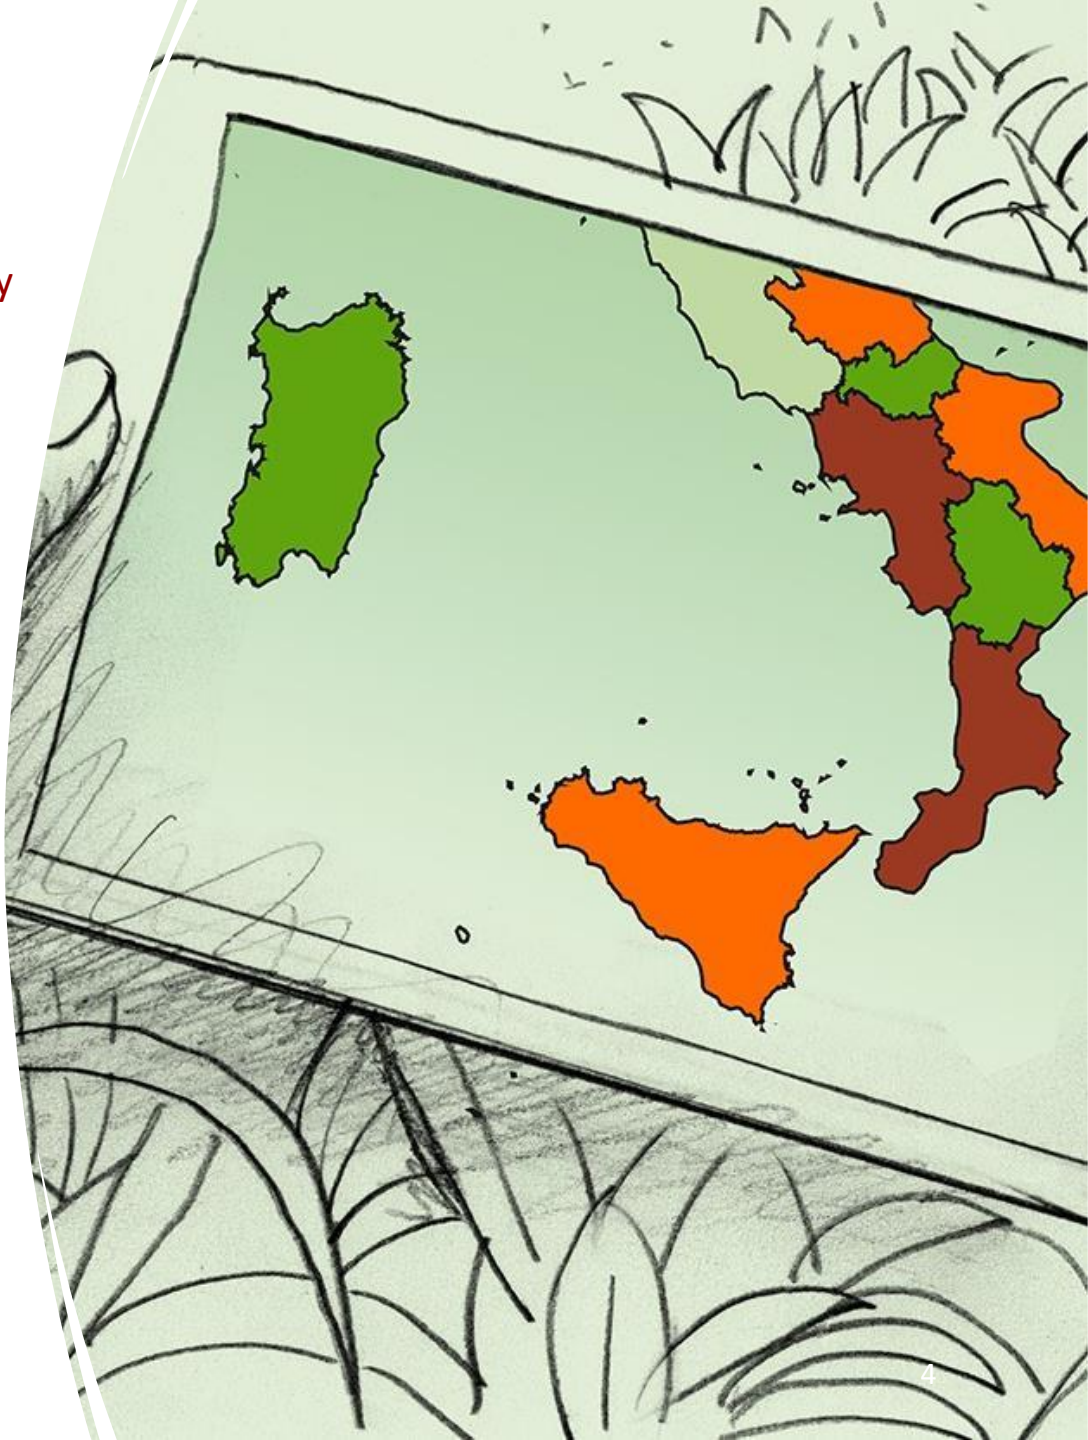

Project Support Action

Technical
assistance **totally
free for
Municipalities**

✓ **400 Municipalities** have adopted a Council Resolution to join SIBaTer and are **supported directly on the job** by SIBaTer Task Force

✓ **300 Municipalities** have **expressed an interest** in accessing the direct support on the job

✓ **All Municipalities** have been reached by specific information actions and **are able to access all outputs**, guidelines and technical notes **available on the web site** www.sibater.it

The SIBaTer Partnership Network

The success of SIBaTer is strictly linked to the wide Network of Partners representatives national and local Socio-Economic Partnership

The joint action is essential to reach the final goal: matching between lands' supply by local administrations and lands' demand by young people
